

MSc in Business for Lawyers

PROGRAM INTENDED LEARNING OUTCOMES

Upon the completion of the Program a student is able to:

A. Knowledge and Understanding

- A1. Identify different theories and concepts to explain management matters and business decisions in firms with legal implications
- A2. Use appropriate theories and concepts to real world problems/opportunities at business level to formulate legal arguments

B. Intellectual Skills

- B1. Diagnose the legal dimension of business problems and opportunities a business organization might confront with, by analysing and evaluating relevant business information
- B2. Critically reflect on the existing business and financial law by reviewing academic and practitioners' sources available locally and internationally.

C. Practical Skills

- C1. Apply business decision tools to business real-world problems to produce appropriate advice to corporate clients
- C2. Use information technology (spreadsheets, internet, law data bases) to interpret and analyse business cases

D. Transferable Skills

- D1. Demonstrate professional behaviour, communicate and present effectively, and convert ideas into specific recommendations and actions.
- D2. Work collaboratively, exercise team leadership, respect diversity, function in a multicultural environment, manage conflict, negotiate and produce team outcomes.
