# **1.** CODE OF ETHICS

#### 1.1 Preamble and Mission Statement

The Mission of the American College of Greece (ACG) is to add distinctive and sustainable value to our students, Greece, American Education, Hellenic Heritage and the global community through transformative teaching, scholarship and service.

The mission of Alba Graduate Business School (AGBS) is to become a leading centre of research and teaching excellence in postgraduate business education, in the region, through an emphasis on the generation of actionable knowledge and its effective application. It aims at fostering a new generation of executives who will be catalysts of change — individuals who embrace the new and affect change both within their organisations and the wider social environment in which they operate.

All members of the AGBS community (students, alumni, staff and faculty) are expected to demonstrate its norms of moral responsibility. Students in particular are expected to note and understand the ethical dimension of their actions. Fulfilling this mission is a collective responsibility of the AGBS community. Consequently, AGBS has adopted the Student Code of Conduct of The American College of Greece, the aim of which is to promote adherence to the highest standards of academic integrity and ethical conduct.

Each member of the community is expected to take individual responsibility for their behaviour and to participate actively in maintaining standards of ethical conduct in order to foster an environment of honour and trust within the school. Adhering to such standards will help students develop a professional attitude, enhance the quality of educational experience and strengthen the wider image of AGBS, all of which, in turn, will increase the value of the AGBS degrees.

#### **1.1.1 Reporting misconduct**

To promote transparency, fairness and shared accountability, all students are encouraged to report their concerns about cases of suspected misconduct internally, either openly, or in confidence, or anonymously, in the knowledge that such concerns will be taken seriously and investigated appropriately. Even if such concerns turn out to be mistaken, students should feel able to raise them without fear of reprisals, in the spirit of upholding the community values of AGBS.

This procedure covers cases of breach of the regulations described in this document (AGBS Academic Regulations). Other offenses are addressed by the policies of The American College of Greece (e.g. the ACG Non-Discrimination, Anti-Harassment, Sexual Misconduct, Relationship Violence and Stalking Policy).

Students are encouraged to raise their concerns by completing an incident report form which is found at the Student Code of Conduct and submitted to incident@alba.acg.edu .

Upon receipt of the incident report, the Associate Dean and the Director of the Academic Programs will oversee the whole process of handling the case according to the Student Code of Conduct that applies to AGBS students (page 37 - 38).

Anonymous complains may be filed but anonymity may limit the College's ability to respond and may preclude disciplinary action. Hopefully, all students will share responsibility in sustaining the values of the ABGS community by openly and eponymously raising their concerns.

Those students who are worried about potential reprisals should feel safe to report their concerns by requesting confidentiality. In these cases, their identity will be shared with those who will investigate the facts of the case, with the prior consent of the reporting student(s). Students who do not feel safe reporting their concerns under the above confidentiality protection, are still encouraged to report anonymously, even though anonymity tends to make fact finding harder.

Students raising concerns of suspected misconduct will be treated fairly, with respect for their request for confidentiality or anonymity and will be supported throughout the process. Students are expected to raise genuine concerns in good faith for the advancement of the integrity of the AGBS academic environment, even though they may turn out to be mistaken. However, if it turns out that allegations are malicious or motivated by personal gain, the alleging student may be subject to disciplinary action.

## **1.2 Specific Standards**

#### 1.2.1 Academic Pursuits

AGBS students are expected to represent their academic work honestly and fairly. No student will deliberately use any dishonest method to gain an unfair advantage over other students in academic pursuits, especially by, but not limited to:

- Giving or receiving any unauthorized aid by physical or electronic means on an assignment or exam, including working in groups on any assignment that has been designated as individual by the instructor;
- Communicating with a fellow student during exams, or any attempt to use course material (class notes, books, etc.) not allowed during the exam
- Misrepresenting the originality of one's work (plagiarism), particularly by failing to reference the contributions of others; submitting substantially the same work for credit in more than one class, except with prior approval of the instructor; submitting work that is substantially the same as that submitted on a previous occasion, in another institution (self-plagiarism) (see paragraph 1.2.4);
- Signing up on behalf of a classmate or signing up and not entering the classroom.
- Leaving the class after having signed on the list, without reporting it to the program office. This is an offence of knowingly misrepresenting the truth.

In all the above cases, when a breach of the code of ethics has been determined and admitted by the student, the student fails the course with a final F (course grade) and needs to repeat the course (if it is a core course) or take another elective course (if it's an elective course) and loses his/her merit based scholarship for the rest of the program and will be excluded from any honors/distinctions in graduation. The student will be given a letter of reprimand stating that, if caught again, the student will be dismissed from the program.

In case that a student is found to have submitted work for assessment that is produced by a third party (A.I. included), with or without a payment, for the whole or part of individual or group assignment (contract cheating), the student will be automatically dismissed from the school.

A special note should be made concerning:

- <u>Company projects undertaken by managers who attend AGBS programs.</u> If at any point the instructor has grounds to believe that work submitted is not original and was not prepared specifically for the course, the student(s) will receive a final F.
- <u>Team work per course</u>. All team members must make some identifiable contribution to all course assignments and division of labor per course must be equitable. There can, however, be no tradeoff between courses. It is expressly prohibited for students to trade their participation in group work in one course for that in another (see also paragraph 2.12). Students should behave

responsibly, collegiately and fairly within a team. Systematic failure to do so may result in disciplinary action for some or all team members.

In cases of severe misconduct (e.g. contract cheating or extensive plagiarism or self-plagiarism) the Associate Dean may request that the review team also checks assignments previously submitted by the same student even if they have received a final grade.

In case the student does not admit the breach of the code of ethics, the matter goes to the Ethics Committee for evaluation and decision.

#### 1.2.2 Examinations' Rules and Procedures

Written, in-house examinations are a standard method of evaluating individual performance on a course.

The exam date is clearly specified in the term timetable and all students are expected to be present, unless they have an approved petition for "Incomplete", as described below.

In any other case, students automatically receive an F for that exam, and must take the make-up exam offered by each course.

Students should NOT be late for the exam. In cases of emergency, which result in the student's delay in arrival, students will be accepted in the examination room ONLY during the first thirty (30) minutes of the exam and not later than that. NO extra time will be provided at the end of the exam for the students who are late.

The examination time is specified by the instructor and the Program Office. Students with medically supported learning disabilities must contact the Program Office for appropriate arrangements.

The school reserves the right to use appropriate online examination methods and appropriate remote proctoring software in case the circumstances require it.

#### 1.2.3 Examinations' Code of Conduct

Before the Exam:

 $\cdot$  Before you enter into the examination room make sure to use the toilet because you will not be allowed to use it during the exam. In a case of a medical condition, the student must inform the academic office prior the exam.

• Leave mobile phones, bags, briefcases, coats, notes, books at the front, rear or side of the room. Please remember to switch off your mobile phones.

· Do not turn examination papers face up.

 $\cdot$  You are not allowed to use unauthorised sources of information for the exam (leave such material at the front, rear or side of the room).

· Other than bottled water, you are not allowed to eat, drink or smoke in the examination room

- · You must not communicate with each other during the exam
- · You may not leave the room without permission

· Students who leave without permission will not be allowed to re -enter the examination room

 $\cdot$  You may not leave the room during the first thirty (30) minutes and/or the last fifteen (15) minutes of the exam, even if you have finished with their exam.

To start the exam:

- Turn the examination papers face up.
- $\cdot$  Check you have received the correct exam paper.
- · Read carefully the instructions given.

· Remember to write your names on the exam paper and any additional stationery used.

End of the exam:

• Note that you have to return the exam paper, along with any stationery used at the end of the exam (even scrap paper).

•You are not allowed to leave the room during the last fifteen (15) minutes of the exam time, even if you have finished with your exam.

Students are not allowed to ask questions during the examination unless the instructor allows it.

In case of emergency (e.g. fire alarm), the invigilator should make sure that the students leave the examination room orderly and without removing anything from the room. Subsequently, students should remain at one place until a decision is made regarding whether they should return to the examination room.

#### 1.2.4 Assignments

All assignments (where appropriate) will be submitted by default as TurnitIn assignments on Blackboard. Students are not allowed to check their work with TurnitIn or similar services prior to submission, as it is expected that if they apply the simple rules on correct referencing no issue with plagiarism should arise.

Students are committed to the following:

- To read and understand the Academic Regulations and I am aware of the potential consequences of committing plagiarism/cheating.
- To ensure that this work is theirs, in accordance with the Academic Regulations on plagiarism, self-plagiarism, collusion, and contract cheating.
- All external references and sources are clearly acknowledged and identified within the contents.
- No substantial part(s) of the work submitted here has also been submitted in other assessments for accredited programs of study.
- In case the piece of work raise concerns requiring investigation in relation to the points above, it is possible that other work submitted for assessment will also be checked, even if the marking process has been completed.
- Alba Graduate Business School expects all students who use proofreading services (with or without pay) to retain responsibility for compliance with the Academic Regulations on plagiarism, self-plagiarism, collusion, and cheating.
- To understand that Alba Graduate Business School may make use of plagiarism and/or A.I. detection software.

Any failure to meet any of the above is considered as a breach of the Academic Regulations and will result in a disciplinary action.

# **2. ACADEMIC REGULATIONS**

#### 2.1 Academic Advising

The Academic Director of each Program is the Academic Advisor of the students of the Program. Academic Advisors never make decisions on behalf of students; their role is rather to support and advise the students on matters relating to their studies.

#### 2.2 Total Year Schedule and Program Structure

In the continuous pursuit of AGBS's vision to become a leading center of research and teaching excellence in postgraduate business education, the total year schedules of AGBS's MBA and MSc programs are subject to change. The school reserves the right to re-examine the structure, the courses, and the content of all academic programs and proceed to any necessary changes, in order to add more value to our students' knowledge and experience through their studies at AGBS.

#### 2.3 Course Credit

To receive credit for a course, participants must comply with all academic requirements outlined by the instructor of the course. This includes, but is not limited to, the submission of assignments by the date announced, taking all tests and/or examinations and generally complying with all assessment requirements of the course.

The equivalence between US credits and the ECTS credits is the following: 1 US credit = 2.5 ECTS

The completion of each program of study requires a minimum number of credits as specified in the "Total Year Schedule" upon registration.

#### 2.4 Workshops, Guest Lectures and Other Academic Activities

In addition to the regular courses, each program may contain workshops, guest lectures and other related academic activities. These activities constitute part of the academic program and must be attended by all students. Most workshops will have an individual assessment. The grading system for workshops is, in most cases, on a Pass or Fail basis; alternatively, it may follow the one applied to regular courses. Please note that participation in student induction sessions such as Teambuilding, Welcome classes and Introduction Presentations, etc. is obligatory and cannot be deferred.

#### 2.5 Registration and Pre-registration

Registration for term courses takes place 15 days approximately before the term begins.

The time and pre-registration process for elective courses is specified by the respective program office.

It is the responsibility of each student to register in time using the appropriate electronic platform available for this purpose. The academic office and the school have no obligation, nor responsibility to implement this task on behalf of the student. In case the student has not registered in time, ignoring three written warnings sent by the school, will lose the scholarship for that term.

Students who have not registered properly in a course are not allowed to attend it physically or remotely, and in any case the student will not earn any credit from that particular course even if the student has signed on the attendance list of classes, physically or electronically.

Students who default on their payment schedule will not be allowed to register for additional courses or have their work graded while payment is outstanding. Transcripts, certificates or other official records will not be issued until financial obligations are met.

#### 2.6 Course Duration and Fees

The standard duration of each program is defined in the "Total Year Schedule" at the time of registration.

The School reserves the right to re-examine the structure of all academic programs and proceed to any necessary changes in the total year schedules.

At the time of registration, the minimum number of credits and the tuition fees are specified and will not change during the period of study which cannot exceed the maximum allowed period of four (4) years. Students may adopt a customized program of study (scenarios) without any change in their total tuition fee.

# Books, where necessary, are not included in the total tuition fees of our Academic Programs with the exception of the AGBS Executive MBA Program.

AGBS and ACG alumni who wish to pursue any AGBS program for which they are qualified, are eligible for a discount offered and approved by the Enrollment office of the College. Moreover, both AGBS students and alumni will be granted a 20% discount to all open-enrolment seminars, organized by the Executive Development Programs Department.

#### 2.7 Transferring of Courses

Students may request to have courses transferred\* under the following conditions:

- 1. A similar course was taken at masters' level during the last five years prior to registration at AGBS.
- 2. An official description and a detailed outline of the prior course are submitted to the respective Program office.
- The Academic Director, in consultation with the respective instructor, examines the application of transfer on the basis of sufficient equivalence – in content, learning outcomes and duration – between the prior course and its AGBS equivalent.
- 4. Even if the above conditions are met, the transfer of the course might not be approved by the Academic Director in case the grade earned in that course is particularly low (e.g. lower than an equivalent grade of C+)
- 5. If the transfer is approved, the AGBS transcript shows the AGBS course with grade "TR" indicating a transfer of credits.
- 6. The maximum number of transfers allowed is the equivalent of 3 (three) full courses.
- 7. Students are not charged tuition for the credits approved for transfer.

\*The AGBS Executive MBA program is exempted from course transferring.

Alba Graduate Business School alumni who wish to pursue a second degree from another AGBS program for which they are qualified are subject to the aforementioned rule. In special cases, the Academic

Director of the program may allow for an exemption of this rule with the approval of the Associate Dean of Academic Programs.

#### Transferring of a course is valid only for the core courses.

CFA charter holders are eligible to transfer courses in Economics, Finance and Investments depending on the curriculum of each program and after ratification from the respective Academic Director. Transfers to CFA charter holders apply only to core courses.

Holders of other professional qualifications that require from its holders to have a university degree might also be eligible for transfer of credits in compliance with the above stated conditions, subject to the evaluation and proposal of the Academic Director and the approval of the Associate Dean of Academic Programs.

#### 2.8 Dropping and Changing Courses\*

Students may add or drop a course before the second session for a 14 hours course or before the third session for a 28 hours course of each semester with the permission of the Academic Director of the respective program. All such requests must be made in writing to the respective program office. If a student discontinues classes without having officially dropped the course, that student will receive a final "F" for the course and no refund will be considered. Exception to this rule will be considered only for serious health and professional reasons upon submitting the required official documentation.

Elective courses are open to students who have pre-registered for them. Enrolling in a course for which a student has not pre-registered may be allowed only in extenuating circumstances and with the permission of the respective Academic Director. The elective selection process is described in a relevant memorandum distributed by the corresponding program office.

\*This process is not valid for the AGBS Executive MBA program.

#### 2.9 Course Auditing

#### 2.9.1 For Students

"Auditing" a course or a workshop means attending lectures, exercises and other activities during scheduled class time EXCEPT taking part in exams and group-work outside of scheduled class hours. Moreover, "auditing" means no credit will be offered for this particular course or workshop. The maximum number of courses audited cannot exceed the equivalent of three full courses.

The indication NC (Non-Credit) is entered on student records, provided they have adhered to the attendance policy; otherwise, the course does not appear in their records. In special cases, the Academic Director might allow the auditing of a course from other programs (electives or core) with the approval of the Associate Dean of Academic programs.

Courses are offered to auditors at 30 percent discount on the tuition fee. Other discounts from Scholarship or financial Aid do not apply. A full discount can be offered with the approval of the Associate Dean of Academic Programs.

#### 2.9.2 For Alumni

"Auditing" a course or workshop means attending the lectures, exercises and other activities during scheduled class time EXCEPT taking part in the exams and in group-work outside of scheduled class hours. Auditors receive neither a grade nor a pass/fail mark. The participation of the alumni as auditors requires the approval of the Academic Director of the respective Program.

A student joining a class as auditor must be an alumnus from an AGBS academic program, including inhouse MBAs, but excluding other executive diplomas or seminars.

In general, prerequisites do not apply, regardless of the course, the program offering it, the background and experience of the alumnus or the AGBS degree previously completed. However, in cases that special requirements apply for attending specific courses, the Academic Director of each program (in consultation with the instructor when necessary) reserves the right to review and deny an application for auditing on the grounds that relate to the class capacity or significant prior knowledge and experience on the subject is necessary in order to safeguard the academic rigor of the class.

Auditors adhering to the attendance policy set out for all students will receive a formal verification of attendance upon request.

All provisions made here apply equally to both core and elective courses, except where explicitly mentioned otherwise.

Courses are offered to auditors at 20 percent discount on the regular tuition fees.

#### 2.9.3 Evolving Learners Certificate Program for Alumni

All AGBS graduates are eligible to participate in the Evolving Learners Certificate Program and being assessed on a Pass/Fail basis. With the successful completion of equivalent of three (3) full courses, they will be awarded with the "Evolving Learners" certificate in Management studies. An official academic transcript will be issued by the Registrars' office for the courses attended with a Pass/Fail grade. Contrary to the auditing status, the participants of the program are required to attend the lectures, exercises and other activities during scheduled class time and participate in all methods of assessment along with the regular students of the respective Academic Program. The completion of the certificate requirements should be made within two years.

Graduates are allowed to participate in the Evolving Learners scheme more than once and are eligible to continue their studies towards acquiring a degree (other than that already held) and receive an exemption for the courses taken up to two years prior the enrolment in a new Academic Program. For the MBA Programs, the requirement of three years minimum working experience applies. For Executive MBA, the requirement extends to 10 years of total work experience of which 3 years of managerial role and strong evidence of senior leadership potential, assessed by the Academic Director.

Participants of the Evolving Learners certificate program will receive an up to 30% discount relative to the current price per credit per Academic Program.

Disclaimer: Discounts do not apply for the courses of the Executive MBA program.

#### 2.10 Course Requirements

Each instructor will distribute in class a course outline that describes the requirements and grading policy for the course. These requirements usually include homework assignments, cases, projects, business simulation games, field visits, class participation and/or term project or final exam.

Requirements are to be fulfilled, according to the instructor's guidelines, either individually and/or on a group basis.

Assignments during the course (cases, projects, etc.) should be handed in by the deadlines set by the instructor. Late submission will normally result in penalty. In particular, regarding individual or group projects, in case of late submission there will be a 5 percent reduction in the grade of the assignment per calendar day of delay. In cases of health problems or mitigating professional circumstances, this penalty will be waived only if the student submits the requisite supporting documentation and gets the approval of the Academic Director.

For late submission of individual projects or assignments that serve as the main method of assessment for a course (in place of final exam).

Under extenuating/unforeseen circumstances that prevent a student to attend a course or complete a course the student has already started attending, the faculty director in consultation with the Dean has the right to substitute that course with an independent study course. The content of the independent study course should be approved jointly by the faculty director of the program and by the professor assigned to teach the independent study.

#### 2.11 Class Attendance

Classes start at the time specified on the term schedule. Instructors may deny late comers' admission to the classroom until the break, in order to minimize disturbance of the teaching process.

When present, students sign their name on a class attendance list. Students are expected to comply with the AGBS Code of Ethics in declaring on the class roster their presence in class. Under no circumstances may a student sign a class list on behalf of another student. The respective program office monitors this process. In the event of student misrepresentation (i.e. one signing on behalf of someone else), the School will consider this a severe breach of the Code of Ethics and will take the appropriate disciplinary action.

Attendance on all courses is compulsory. If a student is to be absent, it is the responsibility of that student to notify the relevant program office and instructors in advance and provide the pertinent documentation in justification of the absence.

The maximum number of absences allowed can be seen in the following table:

Teaching contact hours per course	Maximum # of Absences Allowed
14	1
21	11/2
28	2
35	21/2
42	3

The student assumes responsibility for requesting assistance from instructors for making up any work missed. Missing more than the permitted maximum of class sessions will automatically result in the student obtaining a <u>final</u> F grade.

For each 4-hour class session, two attendance sheets are distributed, one at the start and the other near the end. Similarly, one attendance sheet will be distributed during two-hour sessions. In all cases, each attendance sheet counts for a half-presence (or half-absence).

In case of multiple sections, students need to obtain the approval of the respective Program Office to attend, on occasion, a section other than the one for which they have registered. If the student does not seek the approval of the Program Office, or if the Program Office refuses to allow the student to attend the alternate session, the student will be expected to attend the session for which registration has been made. Failure to do so will result in class absence being marked in the student's records.

In addition to the above policies, the students across all programs and courses at Alba should also comply with the policies stated below when classes are delivered on line (synchronous):

#### Open cameras (and microphones):

All students who attend an online session (synchronous) of a course (class time, office hours, review sessions, etc.) should have their cameras open and their microphones closed (to eliminate background noise). They should open their microphones when they need to speak in class. Also, instructors can "cold-call" students during an online session.

#### Security:

For security purposes, all students enter an online session through the waiting room facility of the online platform. Only registered students in the course are allowed to enter any online session of the course.

#### Virtual background:

Students are allowed to use a virtual background if they wish, preferably the one of their Alba Program.

#### 2.12 Teamwork

A substantial part of the student academic experience at AGBS is based on team work. The smooth functioning of student teams is vital to both student performance and the quality of the educational process. Team members are solely responsible for behaving maturely, collegiately, responsibly, efficiently and effectively. Any problems that may arise must initially be dealt with internally by the team and to find constructive solutions. If problems persist, team members (either collectively or individually) may ask for help from the Program Director or the Academic Director, or from both of them. The policy of AGBS is that, no matter what internal problems a team may be facing, the team should not be disbanded, but its members should strive to find mutually acceptable ways of collaboration. A team may be disbanded only in extreme circumstances and only after the approval of both the Academic Director and Program Director.

As team members, students are also responsible to operate in accordance with the Code of Ethics of the school and take any necessary action to prevent any misbehavior and malpractice from any other members. If this happens and they do not notify the Academic and Administrative Director accordingly, they will be held equally liable as explained in paragraph 1.2.4 of the Code of Ethics.

#### 2.13 Peer Evaluation

Courses which include group assignments should also include a process for peer evaluation. Instructors should make sure that their course outlines describe the peer evaluation process and how the peer evaluation affects individual team members' grades for their team assignment.

#### 2.14 Thesis Submission to the Institutional Repository

ACG Sphere (https://sphere.acg.edu) is the Institutional Repository that The American College of Greece (ACG) uses to store and display collective research output generated by students. It contains formally organized and managed collections of scholarly and creative work in digital format, and facilitates the preservation and dissemination of the work within not only the ACG community but also the worldwide community of scholars.

As part of the thesis completion process, students are requested to submit the final version of their work to ACG Sphere. By using the ACG Network Credentials, students should sign on to the repository, start a new submission, choose their academic program, and fill in the submission form.

For more information, please visit https://library.acg.edu/acg-sphere, or contact the Alba library by phone at 210 8964531-8 (ext. 2246 & 2282), or by email at <a href="https://library.acg.edu">library.acg.edu</a> .

#### 2.15 Participation in Exchange Programs

Students have the option to participate in exchange programs and attend courses at other collaborating business schools. All courses taken as part of an exchange program must be offered at masters level by the host institution and must be related to the subject matter of the Program attended at AGBS. Participation in such programs requires the prior approval of the Academic Director.

Courses taken by AGBS students abroad, through exchange programs, will be transferred to the AGBS student records under the following conditions:

Such courses can replace up to three courses on the basis of ECTS equivalence only if the exchange courses and the AGBS courses have equivalent content and assessment in terms of the Intended Learning Outcomes, as judged by the Academic Director of the Program.

Transferred courses will be marked as such on the student transcript and will not carry a grade unless there is a special agreement made by the school and the hosting institution.

Students may also opt for short exchange courses abroad during an academic period, by using the maximum number of allowed absences at AGBS courses and without transferring credits to their AGBS transcript. Students will simply be provided with host Universities' transcripts or certificates of attendance (summer/winter schools, webinars, online short courses, etc).

#### 2.16 Internship Opportunities for ALBA Students

#### 2.16.1 Internship: Definition and Overview

The purpose of the practical training (internship) is the enhancement of student learning and skills development through the enrichment of academic knowledge and training with experiential learning.

AGBS provides the opportunity to students to apply and undertake practice on business and management areas, with companies that have expressed an interest in contributing to the training of AGBS students.

The Internship may or may not be part of the curriculum of a degree program. If it is a required part of the curriculum, it carries credits and grade and is governed by the Internship syllabus as specified by the faculty in charge in collaboration with the respective Academic Director. If the internship is not part of the curriculum, then it is an "Over-credit Internship". Over-credit internships carry credits (four credits) but not grades (only pass/fail). For over-credit internships, students are supervised (as with for-credit internships) and upon successful completion of their internships they are granted additionally 4 credits appearing on their transcripts. All over-credits have an extra fee. The extra fee for over-credit internships is the 25% of the four credits.

AGBS will assist students in locating quality internship opportunities. In case students are not successful in getting an Internship, AGBS cannot commit to finding them one.

International students have special requirements to consider in order to receive authorization to pursue a for-credit or over-credit internship during their postgraduate studies in Greece. They should contact the ACG International Student Services team (ALBA-ISS@acg.edu) immediately after starting their Alba studies so as to learn the exact procedure they should follow for being eligible and thus having a good chance of getting an internship.

#### 2.16.2 Characteristics of the Internship Candidates

- 1. The candidate for the internship needs to be a current (active) AGBS student.
- 2. The candidate should not be already elsewhere employed during the internship. In case of leaving the internship without the prior consent of the Academic Director of the program, the student will receive a final F for that course.
- 3. Students have the right to undertake an internship, as long as they have completed three teaching periods. For the MSc in Strategic HRM program, all core courses should have been completed before students undertake an internship (after the sixth period from the beginning of their studies).
- 4. Attendance of the internship is compulsory and the student cannot take more than 4 days leave of absence after the notification to and approval from the Company.
- 5. Students in probation or warning academic status are not allowed to participate in an internship program.
- 6. The candidate must have fulfilled all financial (e.g. fees), academic (e.g. English certificate/GMAT) and admission (e.g. reference letters) obligations before they take an internship.
- 7. In case that internship is part of the curriculum of an academic program and is not possible to be offered as planned, the Academic Director has the right to replace it with another suitable course with the same credits offered by the school with the approval of the Associate Dean of Academic Programs.

An exemption to the above rules can be made only with the approval of the Academic Director and the Associate Dean of the academic programs.

#### 2.16.3 Characteristics of the Internship

- 1. The expected duration of a typical internship is typically three (3) months.
- 2. Exceptions may be granted or additional requirements may be imposed at the discretion of the Academic Director, on the basis of the following three criteria: internship requirements, the courses taken by the student, and student performance.

#### 2.17 Grading System

The Grade Point Average is calculated according to the following scale:

A (A, A-)	= Excellent
B (B+, B, B-)	= Very good - Good
C (C+, C, C-)	= Fair
D (D+, D)	= Poor
F	= Failure
Р	= Pass
TR	= Transfer
I	= Incomplete
W	= Withdrawal

On a quantitative scale, and with a maximum of 4.0 points, the following correlations are assumed in calculating the cumulative point average:

А	= 4.0	C+	= 2.3
A-	= 3.7	С	= 2.0
B+	= 3.3	C-	= 1.7
В	= 3.0	D+	= 1.3
B-	= 2.7	D	= 1.0
F	= 0.0		

The grading distribution for core and elective courses is as follows:

A, A-	: no more than 20 per cent of the class
B+, B, B-	: no more than 50 per cent of the class
C+, C, C-, D, D+, F	: approximately 30 per cent; however, the F grade should not usually represent more
	than 5 % of the class unless it is specified that failing the exam will result in an F grade
	for the whole course. This condition should clearly be stated in the respective course
	outline.
In an an af an all	sing places (sith an fam and an algorithm assumed) a deviation from the above small

In cases of small size classes (either for core or elective courses), a deviation from the above grade distribution might occur at the discretion of the Program Academic Director.

Students are entitled to request feedback of their tests/written assignments within 5 working days of the announcement of their grades, by making a written petition to the instructor and notifying the respective program office.

The instructor is solely responsible for submitting grades to students. Thus, second marking by another instructor is not permitted. Students cannot appeal on the basis that the result they have achieved is worse than they would have wished, or worse than they feel they deserve; that is, students cannot challenge academic judgement.

#### 2.18 Incomplete for exams and their equivalents

The grade I (Incomplete) is given to a student who has not fulfilled all the requirements of a course (final exam or term project).

Students may submit a petition for the grade of I (Incomplete) if they have not fulfilled all course requirements (e.g. final exam, or term project), due to extenuating circumstances beyond their control.

Term projects might be take-home exam, individual assignment or other individual projects that are considered to be the main method of assessment for a particular course instead of a typical final exam.

Where a petition is approved by the respective Academic Director, instructor of the course and program Director, the student MUST fulfil the course requirements, as agreed with the instructor, by a date NO LATER than the end of the following term. If the student has not fulfilled these requirements (make-up exam or term project) by the due date, the I automatically becomes a final F.

The Incomplete petition must be approved by the last day of the course or final exam. It is the responsibility of the student to acquire the necessary approvals. For term projects in particular, incomplete is granted only when there is evidence to show that the student was incapable of performing the required tasks of the particular assessment throughout the whole period of project preparation and not just on the day of submission. This means that the petition for incomplete must be made well before the date of submission when the cause of not completing the project has first appeared.

If a student does not take the final exam or not submit the term project and does not have an approved petition for Incomplete, that student automatically receives a first F for the course and should take the make-up exam and/or submit the make-up project.

There will be only one make up exam offered per course. Therefore, a student who for any reason did not sit the original final exam of a particular course should take the make-up exam offered. It is the responsibility of the student to make every effort to participate in this latter exam, as scheduled by the program manager. Failure to participate in the scheduled make up exam will automatically result in a final F grade for the course for those who have an incomplete. Also, failure to participate in the scheduled make up exam will automatically result in a final F grade for the course for those who have an incomplete. Also, failure to participate in the scheduled make up exam will automatically result in a final F for those who have failed the initial exam. Finally, in cases where a student does not pass the make-up exam, that student will receive a first F in case he/she has prior an incomplete and a Final F in case he/she has already received a first F.

In any case that a student receives a Final F, he/she must re-register for the course whenever it is offered and pay the respective fees.

No student is allowed to receive more than two Incomplete (I) grades during the program unless there are serious issues (e.g. health problems) that the student is faced with. In that case a special permission is granted by the Academic Director with the approval of the Associate Dean of Academic Programs.

#### 2.19 Fail

The grade of F (Fail) is given to students whose overall performance in the course is less than 50 per cent of the course grade or fail in the final exam in case it is a prerequisite to pass the course which is clearly stated in the respective course outline.

A student with an initial (of first) F grade in a course is allowed to take a make-up final exam or submit (<u>once</u>) a make-up final project for that course based on the initial course method of assessment, at a time to be agreed with the instructor and the respective office but no later than the end of the following term. In cases where a student achieves a pass in a make-up exam/project for a specific course, the actual grade awarded cannot be higher than the lowest grade of the students who have already passed the course. This means that, where a student is awarded a pass grade lower than the lowest grade of the course, this grade will be kept as the final one. Where a student fails the make-up exam/project, the course is graded F (final) and that student has to register and pay for the course again when it becomes available.

A student cannot be awarded a degree unless all program requirements are fulfilled. A student will be dismissed from the program where a <u>final</u> course grade of F is received in more courses than the

equivalent of two full courses (four credits), regardless of the reason for receiving this grade. Furthermore, no student can take in total more than three make up exams due to the initial failure of any course. Where a student is asked to leave the program for the aforementioned reasons, that student will not be allowed to remain as auditor in the classes.

#### 2.20 Academic Probation

Students whose cumulative GPA falls under 2.5 are considered to be in poor academic standing and receive a warning letter while students with cumulative GPA under 2.3 receive a probation letter. In both cases, they are strongly encouraged to consult the Academic Director of the respective Academic Program at an appointment arranged by the Program's office. The purpose of that meeting is to discuss alternatives and remedial measures available.

Valid for the MBA Programs $\rightarrow$ Students who, after completing 3/5 of the program, have a CI lower
than 2.3, will be <b>dismissed</b> from the program. The minimum
requirement in order to <b>graduate</b> is <b>2.3</b> . If the CI is below 2.3 upon completion of the program, the student will receive a certificate of attendance.

Valid for the MSc Programs → The minimum requirement in order to graduate is 2.3. If the CI is between 1.7 and 2.29 upon completion of the program, students will receive a diploma. If the CI is below 1.7 upon the completion of the program, students will receive a certificate of attendance.

Students are not allowed to take extra courses to improve their C.I.

#### 2.21 Dropping out of the Program

In cases where a student withdraws or is asked to drop the program (due to poor academic performance or misconduct), fees paid will not be refunded. Students who wish temporarily to withdraw from the program reserve the right to continue their studies within a two-year period from the date of withdrawal but in any case, the total length of studies should not exceed four years. Beyond this period, a student must re-apply to the program.

In order for a student to withdraw either permanently or temporarily from the program, the student must submit in written a request to the respective program office within 10 working days from the commencement of the course; otherwise, an F grade will be received for each course on which that student is currently registered.

#### 2.22 Student Transcripts

At the end of each term, all students have access to a transcript with the grades received for the courses on which they were enrolled during that term given that no financial obligation towards the School exists.

#### 2.23 Requirements for Scholarships

All students receiving Scholarships on the basis of merit and/or need, either in full or in part, are expected to maintain a Cumulative Index (CI) of 3.0 and above. The CI corresponds to the average grade of all course grades that have been reported. If the CI of scholarship recipient drops below 3.0, for all courses that have

been completed and grades that have been announced through myACG portal, the scholarship will be discontinued until such time as the CI rises to 3.0 and above and reinstated after petition. In such cases, the student will become personally liable for payment of tuition fees corresponding to the teaching period that follows right after the announcement of all grades of the preceding term, in which the CI have been reported below 3.0. This rule does not apply to the first teaching period of all Academic Programs.

All students receiving Financial Assistance - Grant are expected to maintain a Cumulative Index (CI) of 2.3 and above. The CI corresponds to the average grade of all course grades that have been reported. If the CI of grant recipient drops below 2.3, for all courses that have been completed and grades that have been announced through myACG portal, the grant will be discontinued until such time as the CI rises to 2.3 and above and reinstated after petition. In such cases, the student will become personally liable for payment of tuition fees corresponding to the teaching period that follows right after the announcement of all grades of the preceding term, in which the CI have been reported below 2.3. This rule does not apply to the first teaching period of all Academic Programs.

All reductions awarded will be validated before the beginning of the 3rd and 5th period using the grades of the 2nd and 4th period and will be based on each reduction requirements. In case that a grade has not been submitted the validation will be performed with existing ones.

The Financial Aid Department is responsible for monitoring and implementing School's policy on Scholarship and Financial Assistance and students should address any request/petition to this department.

#### 2.24 Graduation Requirements

In order to graduate and receive the degree certificate on completion of the studies, students must:

- Complete all required credits;
- Have their file complete with all documents and certificates (English Language Tests, GMAT, etc.) required for admission in conditional offer they might have received from the school.
- Successfully complete (i.e. with a passing grade) all the courses on which they have enrolled;
- Have a CI of **2.3 by completion of the Program** or higher;
- Fulfil all outstanding obligations such as tuition fees, accommodation fees, and any other financial liability to the School; library and other charges for any service provided by AGBS and the ACG
- Submit the Graduation Application Form and receive clearance from the respective program office.
- Pay the Graduation fee of €50.
- Complete and submit the Exit Feedback questionnaire sent by the Quality Department of the School.

Students with a cumulative point average of 3.5 and above will graduate with Honors; the student with the highest cumulative point average of the whole class of a particular Academic program will graduate with Highest Honors.

#### 2.25 Course Evaluations

Students are expected to participate in the course evaluation process, as this assists the School in its efforts to achieve continuous improvement in the selection of faculty as well as in course content and focus.

At the last class of each course, the instructor is required to inform students of the course evaluation process. Course evaluations are passed to the instructors following submission of their grades to the respective program offices.

#### 2.26 Program Evaluations/ Exit Feedback Survey

Students are expected to participate in the overall Program evaluation process, as this assists the School in its efforts to achieve continuous improvement of quality. Moreover, it provides feedback regarding the content of each program and the relevance between theoretical knowledge, skills enhancement and practical application in contemporary business environment.

With the conclusion of the last term of each program, the Quality Department sends to the students of each graduating class an electronic Exit Feedback questionnaire. The results of Program evaluations are then given to the Associate Dean of Academic Programs, the Academic and Administrative Program Directors for further elaboration, discussion and action planning.

#### 2.27 Election of Class Representatives

Each class should elect class representatives, in order to facilitate communication flow and feedback from the class to the respective program office. It is the responsibility of the class to elect its representatives within the first three weeks of each program.

# **3.TUITION FEES**

#### 3.1 Policy

Tuition is billed according to the credits a student is registered at the beginning of each academic period. Students are charged at the rate at which they entered the program.

#### 3.2 Tuition Payments

A non-refundable registration deposit is payable upon admission. This fee is part of the total cost of each academic program. No student can attend classes without the payment of the non -refundable registration deposit. Tuition for each teaching period is payable one week in advance of the start of the period. Students sponsored by companies for their studies are responsible for notifying their employers for the fulfilment of their financial obligations.

#### 3.3 Scholarship / Financial Aid

Scholarships and Financial Aid are applicable only to that portion of tuition fees paid by the student. If part or all of tuition is paid by a company, the company cannot benefit from Scholarship or Financial aid. Similarly, discounts offered to companies apply only to that portion of total tuition paid by the company, and not to the portion of tuition paid by the student.

#### 3.4 Students with Delinquent Accounts

Student accounts that are not paid in full until the end of the first week of the teaching period the latest, will be deemed delinquent. These students will not be allowed to attend classes for the specific period of studies, will be denied access to the systems (Blackboard, etc.) and will not receive grades, transcripts, diplomas or any other service, until their account balance is paid in full. Please note that all deadlines are relative to the start of the teaching period, not to the start of sessions of any individual course (which may start later).

In all cases, absences marked while a student account is delinquent cannot be revoked under any circumstances after the balance is fully paid.

Any exceptions to the above should be justified in writing to the Dean and are subject to his approval.

#### **3.5 Tuition Refund Policy**

The non-refundable deposit of tuition fees at registration is valid for up to two (2) year after admission. If no enrollment in courses will be made by that time, then the non-refundable deposit of tuition fees at registration should be repaid. AGBS students who withdraw a course within ten working days of the beginning of each semester will be fully refunded for this course.

# **4.** EXCEPTIONS TO THE RULES

Students are expected to abide by these rules at all times. Occasionally, however, extenuating circumstances can and do arise. In these rare cases, the Administrative Director of the Academic programs, The Academic Director, the Associate Dean will examine the case and the Dean of the School will make a decision on the matter in due time. The decision will be final and cannot be further appealed.
