

Financial Assistance Program 2025-26

Need-based Financial Assistance (Grants)

Prospective and current students who are unable to meet their tuition obligations due to economic difficulties may apply for a tuition reduction grant which varies from 5% to 35%.

Financial assistance is given for tuition only and does not cover other fees. It is awarded until the completion of the program followed.

Application Periods

Although the college tries to support all students in need, the available funds are limited, and therefore, it is highly recommended that interested students apply within the set deadlines. Students, who apply late, run the risk of their application not to be evaluated.

Applications should be submitted until the first week of classes of the first period of each program.

Financial Assistance Terms and Conditions

- Applicants who are awarded Financial Assistance must:
 - file taxes in Greece.
- Only complete applications with all necessary documentation, submitted within the respective deadlines will be evaluated.
- All applications and supporting materials are retained by the Office of Financial Assistance and Planning; All materials are kept on file, under conditions of security and strict confidence, and in accordance with the provisions of Regulation (EC) 2016/679 of the European Parliament and of the Council ("General Data Protection Regulation") and the Greek legislation on the protection of personal data (Law 4624/2019), as in effect from time to time (the "Personal Data Legislation").
- All communication regarding the progress of an application is done through the personal email address (as reported in the application form) and/or through the students' *ACG Mail*.
- As funding for financial assistance originates from the College's own resources and from the generous contributions of donors, the College reserves the right to rename already awarded tuition reductions to named scholarships. Such conversion will serve as recognition of the recipient's academic performance and will not alter the terms or obligations that arise from the original reduction.
