ADDITIONAL INFORMATION

Dimitrios Konstantios is an Assistant Professor of Accounting at the ALBA Graduate Business School. Prior to his current role, he completed his undergraduate studies in Mathematics at the University of Patras, Greece, and went on to pursue a master's degree in economics and business Strategy, followed by a doctorate in Innovation and Finance, both from the Department of Economics at the University of Piraeus, Greece. His research interests encompass a range of subjects, including Accounting, Financial Accounting, Innovation, Strategic Management, and ESG (Environmental, Social, and Governance), with a primary focus on understanding corporate decision-making processes. Dr. Konstantios has made significant scholarly contributions, with publications in esteemed academic journals such as the British Journal of Management, Financial Management, European Financial Management, Journal of Business Research, International Review of Financial Analysis, and Journal of International Money and Finance. In the realm of education, Dr. Konstantios is deeply involved in teaching various subjects like Accounting, Financial Accounting, Corporate Finance, International Business, and Strategic Management. He shares his expertise and knowledge through undergraduate, specialized postgraduate, and MBA programs at universities and other national and international executive teaching centers. When it comes to people, he believes that a key characteristic of leadership is to empower people to take ownership of their positions and processes. He believes that effective communication is a key to leadership, and strives to create a positive and motivating environment that nurtures future leaders and high performers. Lastly, he is committed to the highest standards of professionalism in the industry, and those standards and values are passed through every aspect in his job.
